We Care

About Trees In Your Community...

Do You?

Please lend your support!

MEMBERSHIP APPLICATION

Together, we can make a difference! Join the Florida Urban Forestry Council today!

We are the Florida Urban Forestry Council... a statewide non-profit volunteer organization, established in 1990, dedicated to preserving and increasing Florida's Urban Forests.

- Educating the public on the benefits of a managed urban forest
- Promoting the involvement of citizen groups & volunteers
- Fostering professionalism in urban and community forestry
- Promoting sound tree care practices and grant funding
- Encouraging urban and community forestry research

OUR MISSION

To promote sound urban forestry policies and practices by educating citizens and communities throughout the state.

Did you know? By joining the Council you will help fund education and research to prevent and reverse urban deforestation in your community and throughout Florida. Your membership adds your voice with hundreds of other concerned Floridians who care about trees in our community and are working together for a tree-filled future. As a Council member you will also receive the following benefits and more:

- The FUFC Quarterly Newsletter packed with informative articles on tree care and current tree issues
- Invitations to Regional FUFC Workshops and Tree Care Seminars
- A complimentary copy of the outstanding publication and beautiful color poster "Selecting and Planting Trees for Florida's Urban Forest" (North, Central or South Florida edition, depending on your region)
- Discounted registration to the annual Trees Florida Conference co-hosted by FUFC & FCISA
- Membership in an organization influencing state urban forestry policy on issues such as Urban & Community Forestry Grants
- Opportunities to meet others interested in urban forestry from various professions such as extension, nursery, municipal, power utilities, state and consulting foresters, and university research
